

Hello,

I received an email alerting me to what seems a serious error on the part of Sinclair Broadcasting. I am opposed to this media outlet airing a one sided opinion piece about any candidate, but particularly about a presidential candidate just before the election in an attempt to persuade viewers.

If Sinclair Broadcasting does proceed with the airing of the program Stolen Honor please take this email as a formal complaint. It is against the law to try and subvert the process of democracy in this way. I am tired of the media, once a respected institution in this country, and the way they manipulate public opinion to suit their interests.

Please do everything you can to ensure that third parties, such as Sinclair Broadcasting, do not have the power to hijack our democracy and our air waves, which are a free public resource they use. When their license is up for renewal please consider their deliberate and unlawful actions.

Thank you for your time and consideration.

Sincerely,

Stacee Adams
